

Memorial Family,

Every summer I get two interns to help me in my work summer, Noel and Mike will be in Talisay for two months as interns. Noel will work in Talisay for one year as part of his bible college training before graduating.

Noel works with the youth along with preaching and teaching adult bible class. Mike leads singing without them it would be difficult. They also have bible studies every Saturday.

My wife, teaches the ladies every Sunday to encourage them and every month they go out and fellowship. They contribute to buy new curtains in the church and new chairs.

I preach and teach care group. Joy, a group member, was baptized this week. I studied with her for two weeks and Noel and Mike studied with her one time.

J Art, one of the Let's Start Talking (LST) students of Paula, Phil and Vanita last summer, was baptized. J Art passed the test his test to attend Bible college, but his brother did not. So God willing, J Art go to Bible college for formal training starting this June. Yes praise God. We have another youth who will take the exam at Bible College next week we are hoping he will pass the exam and be one of the preachers. We need preachers to help us in our work in the Lord's vineyard.
