

# Into All The World!

*The Las Caobas congregation in Santo Domingo, Dominican Republic is a well organized church with elders and deacons. Children's classes were held for the first time in the second floor of the building. The second floor was built with the help of several congregations in the US including Jane's home congregation in Wausau, WI. They were meeting outside the building, weather permitting, before this. You should hear these children singing!!!*

### *"By faith Abraham obeyed...." Heb 11:8 cf*

The Miramonte congregation in San Salvador appointed 3 elders for the first time Sunday Sep 4. Bob Young helped with the induction ceremonies. He, Juan Meza, Cynthia and I had been working with them for a good while. Two new elders were appointed at the Aviacion congregation in Turreon in August. One of their original elders transferred to Richmond, Virginia. This well organized congregation is growing and helping establish several new congregations in the area.
